<i>Double Stop Tips for Students and Teachers</i>	33

NOTE: Each carol has a duet on one side of the page and a companion double stop solo on the opposite page (the **identical notes** from the duet arrangement are rewritten for one player). As students play the duets first with their teacher or a friend, they get to hear exactly what the double stops should sound like. For best results, students should try playing the double stop solo right after playing the duet.
